

Job Advertisement for the

GENERAL MANAGER

of the DERlab e.V. association

Distributed Energy Resources Laboratories (DERlab) e.V. is the association of leading European laboratories active in the field of pre-standardisation and testing of distributed energy resources (DER) equipment and systems.

The goal of the association is to achieve a more environmentally sustainable power generation by supporting the transition of the energy supply systems towards more decentralised power generation. The Association pursues its purpose by fostering and maintaining the exchange of scientific information and views, training activities, organising events for knowledge transfer in the area of a more environmentally sustainable power generation.

Job Description

The General Manager (GM) works self-contained together with leading European laboratories together with an international team of experts. She/he is responsible for the following tasks:

- To represent DERlab e.V. in the public.
- To administrate the association's daily business and to report to the Board of DERlab e.V.
- To maintain contact with the key persons of each of the partner laboratories.
- To develop the general strategy and service portfolio of the association.
- To identify and implement new services in the field of electrical testing, research, pre-standardisation as well as training and education.

Job Requirements

Candidates must have a strong affinity with distributed energy resources and laboratory testing. An energetic personality, strong communicational and social skills are a prerequisite. The candidate must have an entrepreneur spirit and have the vision and an intrinsic drive to advance the development of DER technologies. Candidates must have a university degree in electrical engineering, physics or equivalent, be proficient in the English language.

Applications

Candidates are invited to submit their full application incl. copies of certificates before 6 December 2009 to DERlab e.V., Board.

For additional information please contact DERlab e.V., info@der-lab.net, Phone +49 561 7294-243 or visit [der-lab](http://der-lab.net) website.
