ECPE Network Services
Member Benefits

Power Electronics Research

- ECPE Joint Research Programme
- Support in public funded research projects/programmes

ECPE Events

ECPE Expert Workshops and Advanced Training:

- ECPE Workshops for expert discussion: 3 free seats for member companies, active participation as speaker, proposal of topics
- ECPE Tutorials for advanced training: reduced fee (25% discount on each seat); 1 free seat at ECPE Online Tutorials
- ECPE SiC & GaN User Forum (biannually)

ECPE Networking Events:

- Events on specific topics e.g. EC research, industry 4.0, knowledge management
- 'ECPE Annual Event' with ECPE General Meeting and Members Dinner
- Get Together on the ECPE Joint Stand at PCIM Europe Exhibition

ECPE Working Groups ■

- Qualification of Automotive Power Modules (ECPE Guideline AQG324)
- Power Semiconductor Reliability for Railway Application

Your Visibility ■

- Individual profile on the ECPE website
  incl. company name, logo, contact person, company profile text, link website
- ECPE Network Brochure: professionally designed member page (print and web version)
- ECPE Joint Stand at PCIM Europe: Participation possible for ECPE Network Members
- Company name and logo visible on the ECPE presentation and print material
  (e.g. presented at ECPE Events, conferences)

ECPE Website www.ecpe.org ■

- Members Internal Area: Database of all ECPE Workshop/Tutorial presentations since 2004!, technology studies & reports, network dates and information, etc.
- Networking platform with up-to-date Calender of Events, Conferences, News & Highlights, etc.
- ECPE Job Forum for power electronics engineers and students (publishing free of charge for ECPE Network members)
- ECPE power electronics online course
- Overview on power electronics research projects (EC and German)
- Information on power electronic related calls in European research programmes

ECPE Network information

- Quarterly Newsletter called 'ECPE Network News for Members'
- Regularly information by email on ECPE Workshops & Tutorials, power electronics conferences in Europe, etc.
- Invitation to ECPE Networking Events, General Meetings, etc.
- USB-stick with Workshop & Tutorial presentations (twice yearly)

ECPE Initiatives & Programmes

- ECPE Programme on Research & Technology Roadmaps
- ECPE Programme on international cooperation with Japan
- Reliability / robustness validation initiative
- Wide Bandgap Power Electronics and System Integration initiative
- Exchange with CPES (US), NPERC-J (JP) and other international partners

ECPE Recruitment: Young Engineers Needed!

- ECPE Job Forum for power electronics engineers and students (publishing free of charge for ECPE Network members)
- ECPE Students Day at PCIM Europe
- Sponsoring of 'ECPE Young Engineer Awards'
- European PhD School (in cooperation with University of Cassino)
