

ECPE Network Services/Member Benefits

ECPE Research

- Access to ECPE joint research programme (Principal Partnership)
- Support in public funded research projects/programmes

ECPE Events

ECPE Expert Workshops and Advanced Training:

- ECPE Workshops for expert discussion: 3 free seats for member companies, active participation as speaker, proposal of topics
- ECPE Tutorials for advanced training: reduced fee
- ECPE SiC & GaN User Forum (biannually)

ECPE Working Groups:

- Power Semiconductor Reliability / Module Qualification Guideline
- Wide Bandgap Roadmapping

ECPE Networking Events:

- Events on specific topics e.g. EC research, industry 4.0, knowledge management
- 'ECPE Annual Event' with ECPE General Meeting and Members Dinner
- ECPE Get Together at PCIM Joint Stand

Your Visibility

- Individual profile on the ECPE website incl. company name, logo, contact person, company profile text, link website
- ECPE Network Brochure: professionally designed member entry (print and [web](#) version)
- ECPE Joint Stand at PCIM Europe: Participation possible for ECPE Network Members
- Company name and logo visible on the ECPE presentation and print material (e.g. presented at ECPE Events, conferences)

ECPE Website www.ecpe.org

- Members Internal Area: Database of all ECPE Workshop/Tutorial presentations since 2004!
- Members Internal Area: Technology studies & reports, network dates and information, etc.
- Networking platform with up-to-date Calender of Events, Conferences, News & Highlights, etc.
- ECPE power electronics online course
- ECPE Job Forum (publishing free of charge for ECPE Network members)
- Overview on power electronics research projects (EC and German)
- Information on power electronic related calls in European research programmes

ECPE Network information

- Quarterly Newsletter called 'ECPE Network News for Members'
- Regularly information by email on ECPE Workshops & Tutorials, power electronics conferences in Europe, etc.
- Invitation to ECPE Networking Events, General Meetings, etc.
- Memory stick with all new Workshop & Tutorial presentations from the last half year sent by post

ECPE Initiatives & Programmes

- ECPE Programme on Research & Technology Roadmaps
- ECPE Programme on international cooperation with Japan
- Reliability / robustness validation initiative
- Wide Bandgap Power Electronics and System Integration initiative
- Exchange with CPES (US), NPERC-J (JP) and other international partners

ECPE Recruitment: Young Engineers Needed!

- ECPE Job Forum for power electronics engineers and students (publishing free of charge for ECPE Network members)
- ECPE Students Day at PCIM Europe
- Sponsoring of 'ECPE Young Engineer Awards'
- European PhD School (in cooperation with University of Cassino)
- ECPE Image Film 'Power Electronics - The Key to Energy Efficiency'

ECPE Joint Research Programme (Principal Partner)

- full access to the results of the ECPE projects and studies
- free licenses on IP generated in the ECPE joint research programme
- right to decide on new projects and topics (vote in the Project Coordination Committee)
- discussion of research topics along the value chain of power electronics (with suppliers and end users)
- cooperation with leading European Competence Centres (university and research institutes) in concrete projects
- leverage factor of > 15 from the individual fund payment to the overall research budget
